

**TURNER  
HASTINGS**  
EUROPEAN DESIGN

*Bathroom & Kitchen  
Collection*

Turner Hastings is a family owned and operated business since 2002. For over fifteen years we've supplied superbly crafted European sanitaryware, sinks and tapware to the Australian kitchen and bathroom market. The quality of our European products reflects the pride we take in the sourcing and selection of our collections.

Turner Hastings has become the premier supplier of European ceramics, bathroom furniture and fixtures through an uncompromising dedication to the very best in design, quality, selection and service. Whether you prefer sleek, modern design or the classical elegant look, we have your style.

Every Turner Hastings product - from smallest chrome fitting to the most elaborate ceramic sink - is designed and manufactured to create unique, inviting and luxurious living spaces that stand the test of time. Our exclusive offerings allow you to design a home that is a true reflection of appreciation for unparalleled quality and artistry.

Thank you for taking the time to explore the latest bathroom and kitchen offerings from Turner Hastings.

### *A Home as Individual as You*

*Our unique and exclusive product ranges allow you to design your bathroom and kitchen with beautiful ceramics pieces both timeless and classic. Our culture of customer care allows us to serve the Australian market the way they deserve to be served – to the highest level.*

# Translating Vision to Reality

We are excited to present our 2018 catalogue which provides bathroom and kitchen concepts with the widest assortment of European products, in a vast range of styles, models and application solutions enabling unlimited freedom in designing your personal spaces.

## **ELEVATE & INSPIRE**

There is a point where style meets the essential values of life, where design and quality become a commitment. Whether creating a timeless bathroom or farmhouse kitchen, Turner Hasting offers an array of collections to meet any design style. Browse our carefully selected European bathroom or kitchen pieces and be inspired.

## **TIMELESS ELEGANCE**

We've sourced our collections to fulfil dreams and anticipate needs. We ensure our product features offer the charm and elegance which create timeless personal living spaces in your home.

## **DISCOVER MORE**

Our collections incorporate creativity and inspired products design which will perfectly match your specific, aesthetic and desired look. Our products create a space that is both beautiful and functional. Allow our collections to translate your vision to a reality.

# Bathroom Collection

*Whether you live in a modern or period property, every bathroom is different. Alcoves, wall thickness, doorways, windows and ceilings, plus the position of plumbing, pipework and electrics, all need to be considered. Whatever the set-up we have a collection to suit.*

# Basins

**WALL HUNG**

**UNDER COUNTER**

**INSET**

**PEDESTAL & CONSOLLES**

**ABOVE COUNTER**

**SEMI RECESSED**

Every day your bathroom basin is subjected to the combination of gels, soaps, toothpaste, creams and more. Your basin needs to be tough enough to withstand your daily family routines, yet stylish enough to be a confident reflection of your good taste.

Your bathroom basin is the centre point of your daily personal routine. Durability and design have been the key features we have considered when sourcing basins. Our complete range of basins is made from either standard ceramic or fine fireclay. Our ceramic basins are highly stain, scratch and chemical resistant and are more hygienic than composites such as acrylic and polymarble and is easier to clean.

Fine fireclay is a superior material to standard ceramic, and is becoming a popular choice for luxury basin materials globally. It allows a more complex design, especially for large basins and square basins, so that when it is formed and fired it maintains its shape and precise edges.

# Bergamo Collection

Exclusive to Turner Hastings, the Bergamo range is a minimalistic yet practical design for the contemporary home. A highly versatile European deep bowl, the ceramic top ensures longevity, and minimal splashing for overall cleanliness.

# Vanities

**COVENTRY**

**COMPANION**

**BERGAMO**

**ROBERTO**

**WINDSOR**

**BAJO**

We offer an exclusive range of bathroom vanities to suit your design dreams. As the focal point of your bathroom, it is critical that the style and function fit your needs and satisfy your desires.

Turner Hastings has skilfully selected a diverse vanity range that is both practical and unique in design. All vanities boast excellent storage space and soft close drawers and doors is standard across our complete range. All panels and finishes are manufactured to offer the highest moisture resistance. All have been designed to allow easy installation, especially for the pipes and fittings with features such as space behind drawers.

# Coventry Collection

Individualise your bathroom with an Italian-sourced genuine marble top, no two pieces are the same so your bathroom will be as individual as you. With the beautiful heritage-style intricate panels on the solid timber doors and sides, and the German-made ultra-reliable Blum soft close drawers and door hardware, this is a premium selection for your home.

### NATURAL STONE VARIATIONS

Marble is a natural material so each top is one of a kind.

As it is a product of nature it is prone to variations in colour, shade, pattern, texture, and density; all of which are inherent in such natural materials.

It is these characteristics that add to the beauty and charm of the material.

# Bergamo Collection

The Bergamo range is a minimalistic yet practical design for the contemporary home. Highly versatile and made in Europe, the vanity is lacquered five times for durability. A handle-less design plus ceramic top ensures longevity and cleanliness. Features luxury Hettich soft closing drawers and a deep bowl for minimal splashing.

# Anzio Inset Bath

Turner Hastings offers two European style inset baths, the Anzio 1500 and 1700mm. They include a practical overflow, and the waste can be opened and closed by rotating the overflow cover, a great European feature.

These are manufactured from 100% sanitary grade Lucite acrylic. Its natural warmth, ease of maintenance, resilience, and ability to be formed into soft contours has proven to be a long-term, super-durable material for baths. Lucite also will not yellow over time, an advantage over inferior materials.

## ANZIO INSET

### ANZIO 1700 INSET LUCITE ACRYLIC BATH WITH OVERFLOW

**Product Code:** AN170IB | **Price:** \$399

**Material:** Lucite Sanitary Grade Acrylic

**Waste required:** 40mm no overflow

**Waste position:** End

# Toilet Suites

**BACK TO WALL**

**IN- WALL CISTERNS**

**FLOOR PANS**

**WALL HUNG PANS**

**CLOSE COUPLED**

**CARE APPROVED**

Back to wall toilet suites have been the first choice for Australian's when completing their bathroom designs, as they look tidier and tend to fade into the background better. The back-to-wall option aligns best with the minimal aesthetic. Rimless toilets are designed to be easy to clean and to also look more minimalistic.

Our range comply with Australian Watermark standards. All toilet seats are soft closing and have an intelligent quick release function for ease of cleaning around the seat fixings (excluding the Duke Care toilet suite). All bowls have been designed for excellent flushing performance requiring only one flush per use for real water saving, and all have a 4 star WELS rating. All toilet suites have been sourced with smooth lines for ease of cleaning and hygiene purposes.

# The Rimless

# Kitchen Collection

*The kitchen can be the focal point of any house. A friendly functional place where conversation flows easy, and laughter comes quickly. Food, drink and entertainment are always made around the kitchen.*

*When you are ready to transform your favourite space with stunning European design elements, Turner Hastings' collections offer a range of designs to suit your taste. Make your kitchen a reflection of who you are, and what you value. A comfortable place that is not just in your home but is truly the heart of your home.*

# Sinks

**BUTLER**

**UNDER COUNTER**

**INSET**

**ABOVE COUNTER**

More than any other kitchen fixture, your sink is the heart and soul of the kitchen environment. It's perhaps the most used object in your kitchen. The sink has the effect of setting the tone for all the space around it. That is why it is so important to invest in the sink that combines the best of form and function.

Turner Hastings prides itself on its beautiful collection of ceramic sinks, one of the largest ranges in Australia. Whether you are looking for the American Hampton style kitchen, or even a more contemporary kitchen with a pristine white sink, we will have one to suit your style. Complemented with a practical selection of accessories, you can be sure your kitchen will be as individual as you.

We have sourced the highest quality classic fine fireclay sinks. Fine Fireclay is a tough, natural product and we offer a range of aesthetically beautiful designs to meet any taste requirement. Fine fireclay is fired at a higher temperature than standard ceramic so the glazing is fused to the clay, making it more durable. It also has higher hot and cold temperature tolerance than standard ceramic, and absorbs impact better than standard ceramic. Every sink includes free basket wastes ready to install. Our sinks are highly stain, scratch, and chemical resistant, and with a 30 year warranty, there is no reason not to buy peace of mind with a Turner Hastings ceramic sink.

# Butler Collection

Turner Hastings has a full and complete range of butler sinks. Ranging from 510mm, perfect for a small butler's pantry, to a large double 850mm wide sink, great for double bowl practicality and a brilliant centrepiece of your large kitchen. The Belfast includes a working internal weir-style overflow for added old-English charm.

**Material:** Fine Fireclay

90 x 50mm Basket Waste Included

**Mounting Options:** Butler (front showing)  
Counter Top (not glazed on back)  
Under Counter (framework required)  
**Capacity Per Bowl:** 64L

## NOVI 84 X 46

### FINE FIRECLAY DOUBLE BUTLER SINK FLAT FRONT

**Product Code:** NO85FS | **Price:** \$1749

**Material:** Fine Fireclay

90 x 50mm Basket Wastes Included

**Mounting Options:** Butler (front showing)  
Counter Top (not glazed on back)  
Under Counter (framework required)  
**Capacity Per Bowl:** 34L

## NOVI 84 X 46

### FINE FIRECLAY DOUBLE BUTLER SINK RIBBED FRONT

**Product Code:** NO85FS | **Price:** \$1749

**Material:** Fine Fireclay

90 x 50mm Basket Wastes Included

**Mounting Options:** Butler (front showing)  
Counter Top (not glazed on back)  
Under Counter (framework required)  
**Capacity Per Bowl:** 34L

## NOVI 51 X 46

### FINE FIRECLAY BUTLER SINK

**Product Code:** NO50FS | **Price:** \$797

90 x 50mm Basket Waste Included

**Mounting Options:** Butler (front showing)  
Counter Top (not glazed on back)  
Under Counter (framework required)  
**Capacity Per Bowl:** 30L

### NOVI 51X46 STAINLESS STEEL GRID

**Product Code:** NO50SSG | **Price:** \$99

## BELFAST 60 X 46

### FINE FIRECLAY BUTLER SINK WITH INTERNAL OVERFLOW

**Product Code:** 7400 | **Price:** \$879

50 x 50mm Basket Waste Included

Includes working internal integrated overflow

**Mounting Options:** Butler (front showing)  
Counter Top (not glazed on back)  
Under Counter (framework required)  
**Capacity Per Bowl:** 39L

## OXFORD 80 X 50

### FINE FIRECLAY DOUBLE BOWL BUTLER SINK

**Product Code:** OX80FS | **Price:** \$995

90 x 50mm Basket Waste Included

Taphole is optional

**Mounting Options:** Butler (front showing)

**Capacity Per Bowl:** 30L

*Available as Inset and Undermount*

# Cuisine Inset/ Undermount Collection

The Cuisine range is perfect for the modern kitchen.

This intelligent design can be installed either inset or undermount. Match any two square-shaped sinks in the range and place them side by side for a bowl-and-a-half or double-bowl design.

Made in Europe, the high-quality fireclay and glazing is highly durable. These white-gloss glazed sinks finish a kitchen or similar application in a luxurious style. Purchase with a perfectly fitting stainless-steel sink grid to protect the base.

## CUISINE 48 X 68

### INSET/UNDERMOUNT FINE FIRECLAY SINK

**Product Code:** CU68FS | **Price:** \$665

**Material:** Fine Fireclay

90 x 50mm Basket Waste Included

**Mounting Options:** Inset  
Undermount

**Capacity Per Bowl:** 60L

### CUISINE 48X68 STAINLESS STEEL GRID

**Product Code:** CU68SSG | **Price:** \$99

## CUISINE 46 X 46

### INSET/UNDERMOUNT FINE FIRECLAY SINK

**Product Code:** CU46FS | **Price:** \$489

**Material:** Fine Fireclay

90 x 50mm Basket Waste Included

**Mounting Options:** Inset  
Undermount

**Capacity Per Bowl:** 28L

### CUISINE 46X46 STAINLESS STEEL GRID

**Product Code:** CU46SSG | **Price:** \$88

## CUISINE 30 X 46

### INSET/UNDERMOUNT FINE FIRECLAY SINK

**Product Code:** CU30FS | **Price:** \$349

**Material:** Fine Fireclay

90 x 50mm Basket Waste Included

**Mounting Options:** Inset  
Undermount

**Capacity Per Bowl:** 17L

## CUISINE 47 ROUND

### INSET/UNDERMOUNT FINE FIRECLAY SINK

**Product Code:** CUR47FS | **Price:** \$449

**Material:** Fine Fireclay

90 x 50mm Basket Waste Included

**Mounting Options:** Inset  
Undermount

**Capacity Per Bowl:** 27L

### CUISINE ROUND 47X47 STAINLESS STEEL GRID

**Product Code:** 7222 | **Price:** \$1307

**Material:** Fine Fireclay

Double Bowl with Single Drainer

90x50mm Basket Wastes Included

**Tap Hole Options:** None or one (left or right hand drainer)

**Mounting Options:** Inset

**Capacity Per Bowl:** 24L

# French Provincial Tapware Collection

Perfectly designed and manufactured in Italy, you can't go past Heritage French provincial style tapware with white handles to match our complete range of fine fireclay sinks! Rotate handles forward and down to operate, they do not rotate backwards so your splashback will not interfere with the operation.

They feature a rotating spout for ease of use, and proudly carry a 15-year warranty. There is a bronze basket waste available in the accessories section to match the bronze taps (Page 77).

## CLASICO SINGLE SINK MIXER - CHROME

**Product Code:** 18113 | **Price:** \$449

WELS 4 Star Water Rating (7.5L/min) (R:T21309)

Italian made mixer cartridge operation

Watermark approved to Australian Standards

## CLASICO TWIN SINK MIXER - LAQUERED BRONZE

**Product Code:** 18113BR | **Price:** \$595

WELS 4 Star Water Rating (7.5L/min) (R:T21309)

Italian made mixer cartridge operation

Watermark approved to Australian Standards

## FRANCES DOUBLE SINK MIXER - CHROME

**Product Code:** 18117 | **Price:** \$449

WELS 4 Star Water Rating (7.5L/min) (R:T21309)

Ceramic Disc Quarter Turn Spindles

Watermark approved to Australian Standards

## FRANCES TWIN SINK MIXER - LAQUERED BRONZE

**Product Code:** 18117BR | **Price:** \$595

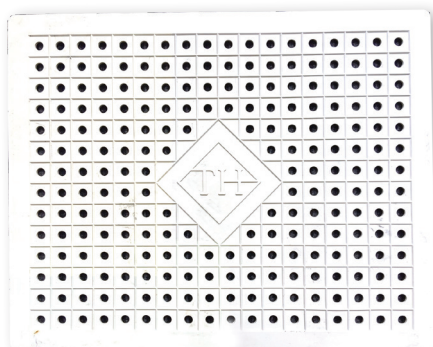

WELS 4 Star Water Rating (7.5L/min) (R:T21309)

Ceramic Disc Quarter Turn Spindles

Watermark approved to Australian Standards

## Sink Accessories

Our sink accessories range includes a rubber sink mat which can be folded to fit any sink to protect your fragile glassware and the base of your sink from metal markings. The bronze basket waste is electro-plated to match the Frances and Clasico sink mixers, a beautiful addition to your kitchen.

## RUBBER SINK PROTECTOR MAT

**40 X 32**

**Product Code:** RSM4032 | **Price:** \$49

Made from high-grade industrial strength rubber

Easy to clean

Dishwasher safe

Easy storage

## CHROME BASKET WASTE

**50X50**

**Product Code:** 50BW | **Price:** \$65

# Care Information

## FINE FIRECLAY AND CERAMIC WASH BASINS

Use a mild household detergent or warm soapy water and clean with a soft cloth.

### MARBLE TOPS

Our marble surfaces are sealed with a high quality natural stone sealer at the factory which will protect it from staining. However, you should arrange to have your bench top resealed approximately every 2-4 years. This depends on the amount of use of the stone. For example, kitchens require 1-2 years resealing, but kitchens benches are much more high use than bathroom vanities, so bathroom vanities only require it every 2 – 4 years. The sealer we recommend is the market leader Lithofin MN Stain-Stop.

As with any product, clean regularly. Most common household cleaning products are safe to use, such as non-alkaline cleaning products, mild house detergents with warm water, glass cleaning products and any non-abrasive household cleaner. Wipe with fresh water after cleaning. Wipe the surface dry with a soft dry cloth after cleaning.

DO NOT use abrasive cleaners. If spills do occur, wipe immediately quickly with fresh water. DO NOT use oil-based cleaners, i.e. turps, kerosene etc. Avoid exposing stone bench tops to chemicals or acidic liquids such as oven cleaners, oil, paint removers, or fruit juices.

While natural marble will provide a lifetime of use, the material is inherently brittle, and you should avoid sitting or standing on these surfaces since any uneven substrate or base can cause cracking.

Do not use your counter top as a cutting board. This can cause permanent deep scratching. Avoid dropping heavy or sharp objects on the bench top as chips and cracks cannot easily be repaired. The placing of hot items such as hair straighteners directly to the bench top should be avoided.

## FINE FIRECLAY SINKS

Use a mild household detergent or warm soapy water and clean with a soft cloth. The surface can be susceptible to damage from sharp or metallic objects such as metal cutlery. Try to avoid metal objects coming in contact with the surface by using protective drainers and cutlery holders. Please do not over-tighten any fittings as this may cause the surface of your ceramic sink to crack.

### TAPWARE & ACCESSORIES

Use a mild household detergent or warm soapy water and clean with a soft cloth. It is important that no abrasive cleaners are used, as these will remove the surface gloss of the product.

### ELECTROPLATED METAL FINISHES

The hardest metal finish is chrome and all others are considered soft decorative finishes. The lacquers help to prevent fingerprints & tarnishing but they are only lacquers and need to be treated carefully. Our Metal Finishers apply a 2 pac clear automotive lacquer and should be treated as thus. Clean with a soft cloth and mild detergent. Avoid any harsh abrasives, thinners & glass cleaners. Best cleaning is Mineral Turpentine.

### TOILET SEATS

The best method of maintaining the finish while ensuring the cleanliness of toilet seats is simply to wipe them over with a soft cloth with soapy water. It is important that no abrasive cleaners are used, as these will remove the surface gloss of the product. At regular intervals the tightness of the hinge bolts should be checked, as continual loosening over time does occur.

### ACRYLIC BATHS

To preserve the polished surface, after using your bath, clean with a soft cloth and warm soapy water to wash away any body oils or soap residue. Do not use powders, pastes, thinners, window cleaning sprays or dry cleaning liquid.

# Warranty Details

- 1 year parts and labour. Any claim made after this period is for parts only
- 1 year warranty applies to commercial installations
- All water pipes must be flushed prior to connecting tapware or toilets to the supply
- Maximum water pressure cannot exceed 500Kpa - AS/NZS 3500.1.-2003 (Clause 3.3.4) specifies 500kPa maximum water supply pressure at any outlet within a building for new installations
- 1 year warranty applies to all electroplated or sprayed finishes other than chrome on any brass or stainless steel tapware, accessories, waste outlets and bottle traps. Electroplated finishes on wastes are excluded from the warranty.
- 1 year warranty applies to washers, "O" rings, lip and other seals, shower hoses and all pull out sink mixer hoses and handsets.

Product must be inspected before installation! If a product has any unacceptable marks or has been damaged, DO NOT install it. Should faulty or damaged products be installed, Turner Hastings will not accept any obligation to provide labour for removal or replacement of the product.

Turner Hastings Product Warranty will only apply where the product has been installed by a qualified tradesman and in full accordance with installation instructions. This warranty does not cover damage by improper installation, accident, misuse, abuse, negligence, excessive wear and tear, improper care and maintenance, water and natural causes such as sunlight, humidity and other environmental conditions.

Replacement products and parts must be delivered to the original store of purchase for WHS compliance.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonable foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

To make a claim, please complete a Service Request Form with the distributor from whom you purchased the item.

## UNDER COUNTER BASINS

A waterproof sealant should be used to help seal the basin and fill the gap between the basin and vanity bench. Do not use epoxy type glues – these glues harden and prevent the expansion and contraction of the basin which can lead to the basin cracking. The use of epoxy glues will void this warranty.

## FINE FIRECLAY SINKS

Fireclay is a natural product and therefore subject to variations. This should be seen as a quality that adds to its natural beauty. Variations +/- 2% to the specifications are common and acceptable. Never cut out or construct your bench top or kitchen cabinetry without having the sink onsite with you for measurements. If cabinetry or bench tops have been cut without the sink being measured, and the sink does not fit, Turner Hastings will not cover any costs of replacing or modifying any cabinetry or bench tops.

Most are designed with little gradation and standing water is common. Standing water is not a reason for return.

Do not over-tighten the waste as this can cause the sink to develop stress fractures over time.

Your new fireclay sink may have a small crack or chip in an unglazed position such as the underside (in a place not seen after install). Small cracks and chips is not a manufacturing fault or defect, and in fact is common in ceramic, fine fireclay and other natural clay fired products. The cracks or chips is what is called a "firing crack", and it happens when the clay is baked in the oven during manufacturing, and is part of the heating and cooling process. The crack or chip is simply aesthetic only, and will not affect the installation, structure, or usability of the sink. The crack or chip will not grow over time either. This product still carries the full 6 year warranty Turner Hastings provides on fireclay sinks.

## TOILETS

A toilet seat which comes loose with continued use is not covered by warranty, it is the responsibility of the installer to ensure the seat is installed correctly on installation. Furthermore, all seats under normal usage have a tendency to loosen, it is the responsibility of the owner to tighten seats periodically with the correct sized screwdriver (do not use a power drill).

## VANITIES

Vanities are manufactured using water resistant materials. This does not mean that they are waterproof. Care must be taken to immediately dry up any spillage or leakage that may gain access to the cabinet as WATER DAMAGE is not a justifiable claim. Cleaning and maintenance instructions must be followed to ensure validity of warranty.

Adjustment on parts such as drawers and doors are undertaken during manufacture, but will most likely require fine adjustments after installation.
